REASONS TO CHOOSE I.N.D.I.A TRUST

I.N.D.I.A TRUST offers quality training for students/Teacher/parents/corporate personnel. We believe in learning by doing, not just by listening. All of our workshops require a high level of participation by the learner. Transfer of skills to the workplace is stressed by action planning during each workshop. Methods of presentation include lectures, discussions, case studies, non-threatening role plays, exercises, films and inventories. Class exercises and case studies are customized to the client's industry at no additional charge to the client.

- 1 With over 20 years in business, 1, 40,000 people trained, we have the experience to make your program a resounding success.
- 2 With our assistance you will complete a brief needs assessment to ensure that the training your people receive is "on target" and personalized to your organization's needs. From beginning to end, you will be guided by, and have immediate access to, the top people within our organization. They will ensure that you get what you want, when you want it and at a cost that is surprisingly affordable.
- 3 We can respond to your needs at the one site or many, allowing you maximum flexibility while minimizing travel costs
- 4 We have more available workshops and content for you to choose from to sharpen your students than any other provider.
- 5 With so much content available we create a "custom" outline for you, selecting, lengthening or shortening to meet your needs
- 6 A custom program can be created for workshops of 3-5 days in length.
- 7 As with all of our workshops, the content is based on research conducted by I.N.D.I.A TRUST using the best and most current techniques available.
- 8 Workshops are analyzed in 45 minute segments (using I.N.D.I.A TRUST exclusive technique) to select the best training method to communicate the content ,while maintaining participants and research into "state-of-the-art" materials to make sure the content is current, reliable and fresh.

- 9** Our instructors "model" what they teach and train through demonstration of each technique rather than by lecturing about it.
- 10** Participants work on your career real issues and develop action plans and materials to use on the training site the very next day.
- 11** After the training we provide feedback that include
 - A copy of the participants reactions
 - Suggestions for maximizing the benefits of the training
 - Recommendations on follow-up training to continue progress
- 12** The training demonstrates to your student you value them and want to improve their personal and professional effectiveness. And, when you choose the best to deliver the training it sends an even stronger message.
- 13** The training provides all participants the same training, common points of reference and terminology.
- 14** Participants receive post-workshop feedback on videotaped presentations or analyze of written plans where appropriate, with additional cost.
- 15** If "Distance Learning " is a part of your need, we have the experience to make your programme a success.
- 16** A world class faculty development program can be conducted totally free of cost to embed students, expectation with faculties' expertise.
- 17** Post training counselling to monitor the progress of the students.
- 18** Online mentoring without disturbing the academic curriculum.
- 19** Nationally recognised entrepreneurship skill development programme for aspiring students
- 20** International experience in transforming students' career aspiration.
